

Klinghardt Academy Certified Practitioners of Autonomic Response Testing Listed by State and Country (scroll down)

The Klinghardt Academy USA certifies both medical practitioners and health coaches that have completed all levels of Autonomic Response Testing who demonstrate by written and clinical exam the knowledge and ability to assess a patient accurately using Dr. Klinghardt's techniques. A certified practitioner participates regularly in our workshops to keep up with the latest protocols and developments of Dr. Klinghardt. Each practitioner has his or her own specific modality of treatment and are licensed to practice under their state guidelines or work with a medical licensed practitioner as a health coach. The Klinghardt Academy is not liable or responsible for the actions or private practice of those listed. You are advised to do personal research prior to seeing a practitioner.

If you are interested in Certifying with us, or taking a workshop in Autonomic Response Testing, please contact the Director of the Klinghardt Academy at info@klinghardttacademy.com. Workshop registration and Certification Testing is by "appointment only" through the USA training at Klinghardt Academy: 908-899-1650.

Meet the Klinghardt Academy Team & Instructors
